## Swim Team Practice Groups

**BLUE** Blue group is for beginner swimmers wishing to learn better stroke technique for competitive swimming. In order to be in the blue group, the swimmer needs to be able to pass the deep end swim test (one length freestyle and one length backstroke). It is a great, low-pressure atmosphere for learning and honing swim skills!

**WHITE** This group is for swimmers that have begun to exhibit good swimming skills and have a longer endurance than the blue group swimmers. White group swimmers refine the four competitive strokes as well as beginning more focused work on starts and turns for each stroke.

**RED** Red group is a slightly advanced group of swimmers that exhibit a high level of swimming competency and wish to hone their skills. This group will have a higher level of commitment and should be attending 80-90% of the practices

**BLACK** The black group is a more advanced group of swimmers with a high level of commitment. Their swimming skills are at a higher level, as are their workout abilities. USA swimming is Mandatory for all black group members.

On top of the YMCA swim meets that the Stingrays will be attending is an opportunity for the more serious swimmers to do USA swim meets. USA Swimming is the next step in competitive swimming. If a swimmer is interested in this; each swimmer will need to register as a USA swimmer, which is an additional fee of approximately \$60.00.
